

The Grays Harbor Genealogical Society presents

# Genealogy Workshop

The Grays Harbor Genealogical Society is excited to sponsor outstanding lecturer Janet O'Connor Camarata for a **two-class** workshop. Classes are:

- **Immigration and Naturalization Records.** Solve the mystery of your family's origin with the use of American-generated records. Learn to research immigration records or ships' passenger lists, court records, naturalization records, land entry records, church records and the census to find valuable information to help discover your ancestor's home country.
- **Mapping an Ancestor.** Geography is a discipline closely related to genealogy and an untapped resource for learning more about our ancestors. Using geography and maps in research provides visual clues to help answer questions about where, how far, and what is nearby. A case study will be shared to show how maps focused the research, located property, identified lost place names, solved a family mystery and identified jurisdictions to write for records.

**Saturday, March 11, 2017**

**1:00—3:15 p.m.**

**Aberdeen Museum of History**

**111 East 3rd Street, Aberdeen, WA**

**\$15 per person / \$10 for GHGS members**

Janet O'Connor Camarata is a genealogist with over 25 years' experience. She is a seminar presenter and trainer in genealogy societies across Washington and supported genealogy by volunteering in a variety of ways – seminar presenter, educator, newsletter editor, program coordinator and past-president of South King County Genealogical Society (SKCGS).

She is a member of the Association of Professional Genealogists and the New York Genealogical Society and is a graduate of the University of Washington Genealogy and Family History program. She has a B.A. (Education) degree from Central Washington University and a Master's degree from Antioch University.

She also taught within The Boeing Company and at the University of Phoenix.

This workshop is sponsored by the Grays Harbor Genealogical Society. For more information about this workshop or other programs, contact:
